About this property

Vaneau Maroc, a premier real estate agency in Casablanca and Marrakech, presents an exceptional property for sale: a rare 13-hectare estate in pristine natural surroundings, ideal for a luxury hospitality or high-end retreat project in Benslimane. On the edge of Benslimane's urban area and just minutes from the town centre, this estate is located in a rapidly developing zone. It offers a serene environment combining modern comfort with natural panoramas, presenting strong appreciation potential within a dynamic development context. This vast estate, a true haven of peace, is distinguished by nearly 5,000 mature fruit trees spread across 11 hectares of orchards, offering an exceptional setting for prestigious tourism or residential activities with complete privacy. The property comprises two distinctive villas: Main Villa: A spacious living room with impressive ceiling height, large bay windows and central fireplace, creating a welcoming, bright and convivial space. A fully equipped modern kitchen designed for entertaining. A master suite with dressing room, adjoining office and private bathroom. Two bedrooms with en-suite bathrooms and mezzanine. An additional bedroom with bathroom. A laundry room with mezzanine and equipment storage area. A large terrace offering panoramic views over the property, featuring a 12 x 6 m swimming pool, pool house, shuttered veranda, barbecue area and shower room. The spacious pool technical room is adjacent to two service rooms. This section also includes ample parking with covered space for three vehicles, a 4 x 3 m veranda, a welcoming pergola and a wooden cabin. Second Villa: Built over two levels, this stone and timber structure exudes charm and authenticity. Ground floor: a large living room, three comfortable bedrooms, a kitchen, and a covered terrace ideal for welcoming guests or family. First floor: a master apartment with bedroom, large private terrace, dressing room and bathroom. A spacious outdoor area, adaptable to various projects. The estate, connected to municipal electricity, drinking water and fibre optic networks, benefits from equipment ensuring autonomy and comfort: 5 boreholes and 3 traditional wells Drip irrigation system Two water reservoirs 9 m³ freshwater storage tank 20 kWc photovoltaic installation with lithium
